Before your piece arrives

A few simple checks before delivery to ensure that your furniture will fit comfortably in your room and can pass smoothly through your home's entry, lift, and access areas.

- □ Choose the final placement spot
- □ Mark the furniture footprint
- □ Measure the placement length
- □ Measure the placement depth
- □ Leave enough walking space
- □ Check door swing clearance
- □ Check nearby switches and sockets
- □ Match room size with product size

- □ Measure the main door opening
- □ Mark the furniture footprint
- □ Keep the entrance fully openable
- □ Measure narrow passages
- □ Check tight corners and turns
- □ Verify lift door clearance
- □ Verify internal lift space
- □ Check service-lift (if available)

If you notice any issue with size, placement, or access, please contact us before delivery. Our team will do its best to guide you and make the necessary arrangements.
